“Solid”

Bread and more – attractively presented!

The presentation of bread is not only important at the table, but at the breakfast buffet, too. The variety of baked goods wants to be put in the limelight.

Oblique displays for one or two wooden trays allow for a clear arrangement of various types of bread. With the help of a connector piece, two of these tray displays (item 4746) may be stacked and used on top of each other - the ideal solution for small buffet tables. A fitting cutting board including a crumb drawer and an exchangeable grate, a cutting board made of end grain wood as well as various bridges (page 124) complete the series and provide the healthy and diversified breakfast with a new look.

Besides the flat bread tray you can also find a deeper version of this tray, which is suited especially for the presentation of rolls, buns, biscuits and pastries. A removable grate provides air circulation, freshly baked buns remain scrumptious longer. Two kinds of divisions for the tray offer space for several miniatures (from page 279) and allow for a flexible use of the system. A cutlery insert for the deep tray as well as an insert for slices of toasted bread round off the range.

Solid wood from the walnut tree, which is one of the most precious and most beautiful types of wood, forms the basis for this series. Both the woods warm brown colours in different shades and its intensive and distinctive grain make every product a unique item.

Show cooking is a popular trend!

Whether using it for catering, at events or at the hotels own buffet, the solid wood cutting boards by Zieher are pleasing eyecatchers and offer high functionality. The matching bridges can be equipped with bowls, putting everything tidily within reach for the work behind the buffet.

The dimensions of both cutting boards and bridges have been chosen in such a way, that exactly two boards and two bridges would fit into a regular transportation box. This is extremely useful when it comes to storing the items for their daily use and transportation for catering purposes.

More items from this series can be found on pages 247 to 257.

Please note:

The Zieher cutting boards are oiled. The use of the cutting boards naturally wears down their surfaces. In case of smaller abrasions, rub down the surface with a thin layer of vegetable oil or special care oil for wooden kitchen countertops to refresh the surface. The removable grate for the bread cutting board (item 4733) can be ordered separately as a spare part (item 4733.R). The above mentioned items are not dishwasher-safe. Please check the enclosed leaflet for detailed care instructions.

The Roomservice tray, as well as the bed tray, allows you to eat directly from it due to the recessed longside.

The retractable feet of the bed tray have been constructed in a very stable way and are securely kept in position by integrated magnets when folded in. The tray also cuts a good figure on the buffet. The positioning feet make it possible to dispense with the use of displays for heightened placing. A speedy setup and flexible handling facilitate daily operations.

The rubber feet at the base are set back from the rim to enable the transport on a tray trolley in 1/1 EN-format (60 cm x 40 cm)

The shapely stand always provides the appropriate possibility to set up the “Solid” room service tray (item 4735) in the hotel room, but also in the restaurant. Combined with Zieher buffet platters in the format 2/1 GN, it easily and flexibly creates new spaces at a comfortable height. Thus, it is predestined for the use at the buffet and during coffee breaks in the congress and convention business. The massive frame made of walnut wood harmonises perfectly with other buffet items of the series (from page 114) and can be combined with them very well. Rubber feet on the top prevent the shifting of platters and trays, felt gliders at the base protect the parquet flooring and ensure safe standing.

Enjoyment in a pentagon

These classy service platters take effect by their exceptional shape and the stylish combination of oiled walnut wood and slate-grey ceramics.

Available in two different sizes for just one or more persons, single courses right up to mixed arrangements - so-called “sharing plates” - can be staged appealingly. For bigger buffet setups, several plates can be arranged space-saving and thus provide an extraordinary structuring of the buffet spaces. The pentagonal design allows numerous arrangements and enables beautiful presentation areas on the buffet.

The projecting handle permits an easy removal of the insert and thus allows an uncomplicated cleaning of the thin but very robust ceramic.
