

“Lightning Buffet”

The height of the columns items 8122... has been adjusted especially for the illumination of the "Skyline" buffet system. The lids of all acrylic glass tubes are removable. Therefore the tubes can also function as supports for plates, bowls, etc.

LED-light with cable, item 8104...

For permanently installed buffets which are not dismantled on a daily basis, it is recommended to use the LED-light with cable item 8104.

The standard light is white; the alternative colours blue, yellow, green and red can be chosen by using the precisely fitting plastic covers items 8105... (available as accessories).

A set consists of 3 lights and the matching power supply, which can be fitted with a total of 6 lights. All cables are white. The power cable of the light has a length of 3 metres, which is enough to stow away adapter and power supply safely and invisibly under the buffet table.

The luminosity depends on the spatial realities; the actual colouring may deviate from the colours shown in the pictures!

Bringing light into the darkness!

The illuminated buffet stands, in connection with platters made of natural slate, laminated plastic or glass (from page 52), make every buffet shine in a radiant new light. The innovative LED technology does not radiate any heat and is powered by a harmless voltage. It is characterised by its longevity and its low power consumption.

Rechargeable LED-light with radio remote control:

The compact LED-light is controlled by remote control, which allows for a more flexible use of the Zieher “Lightning Buffet” and renders it independent from any power supply and spatial requirement!

This creates a lot of new possibilities for the buffet setup: out in the open, next to the pool or in the middle of the room - without any troublesome cables and controllers that might get into the guests’ or the personnel’s way. The radio remote control item 8151 (to be ordered separately) rounds off the whole system in regard to function and handling and allows to choose the colouring within a range of up to 15 m without dismantling the buffet first. Due to many different colours and special programs, the buffet will fit into every kind of atmosphere. The lighting colour for the complete buffet can be changed by pressing only one button.

The luminosity depends on the spatial realities; the actual colouring may deviate from the colours shown in the pictures!

remote control

for rechargeable LED-light item 8150, white with grey cord
