

“Somnia”

The buffet displays and luminaires of the “Somnia” series are assembled from organically shaped, filigree rods which are made of solid brass in traditional sand casting. These single components, reminiscent of brittle branches, are afterwards melded in complex handicraft to impressive unique pieces. Optionally available black rubber caps can be fixed to improve the slip resistance and to protect the sensitive surface of furniture.

The wind light is equipped with a solid base plate with an elevated rim. This base avoids a leakage of wax and protects the table surface from heat. Furthermore it forms the frame for a removable cylinder made of heat resistant glass, which by way of its satined surface, intensifies the mood of light and protects the flame from wind at the same time.
